

October Newsletter

9 October 2020

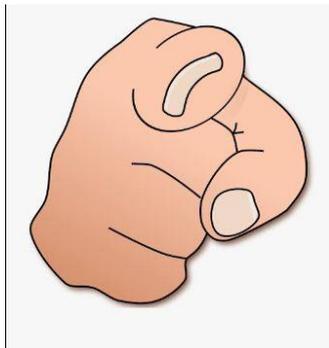

Dear Homeowner

The estate has been abuzz the last couple of weeks; with the long weekend, functions at the restaurant and the number of rounds on the course picking up nicely. With rain around the corner the estate should be easy on the eye in no time! We hope that the 130 trees that were planted will add to this, so also the “upgrade” of the main entrance garden and those around the clubhouse next on the list. A special word of thanks should go the Garden Club for their help with the various gardens.

NO 5 Green

It is most unfortunate to inform you of the major damage that was done to the 5th green on

Know your Rules
Please take note of the below rule. We are noticing an increase in the number of trailers, caravans, boats being parked on verges and on open

MY RUN

My Run started again this past Sunday. Dust off those “tekkies” and come for a run or a brisk walk. Remember there is 2,5km and a 5km option.

Sunday evening, where diesel was poured on it. A complaint has been lodged with the police. A reward of R5000 is offered for information that could lead to the arrest and successful prosecution of the person responsible for this scandalous vandalism.

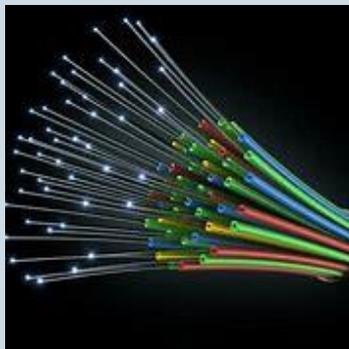

stands.

2.17 Temporary Structures
No structures of a temporary nature, including a trailer, boat, tent, caravan, shack, garage, barn or any other such building will be allowed to be stored or placed outdoors on the premises. Caravans, boats, trailers, generators, etc. must be stored in a garage designed for that purpose.

Those on Discovery get Vitality points for taking part in the My Run. The event starts at 08:00 and the starting point is at the Clubhouse parking area.

This is not the official notice, but the AGM will be held on Saturday 14 November 2020 at 09:00. Please diarize this as we hope to see as many owners attend as possible.

Fibre

We are glad announce that PGCE will also be getting Fibre. The installation will start on Monday 12 October 2020. Vodacom will be the owner of the Fiber Line and Commuter Group will do the installation on their

behalf. It will be an open access line which will allow for various service providers. The project will be rolled out in 4 clusters and should be completed by end of February 2021. We request your patience during this installation period as at times there will be teams of up to 30 contractors working on the project. Please inform the office of any suspicious behavior or if you have any concerns during this time.

As always, we want to thank you for your support on the course and in the restaurant.

Regards

Jacques
